BUS SAFETY TIPS

- Carryon items
 - Should be stored in the overhead bin or underneath the seat
- Seatbelts
 - If the bus has them we recommend you use them for your safety
- Seat Safety
 - Stay seated while the bus is in motion
 - If you must walk use seat backs and head rests for support
- Federal Law
 - Prohibits smoking on the bus
- Alcohol
 - Prohibited on the bus unless prior written permission is obtained
- White Line / Standee Line
 - Located in the front of the bus. Stay behind it while the bus is in motion
- Aisle
 - Keep the aisle clear of objects, hands, and feet
- Lavatory
 - Located in the back of the bus. Use handrails inside while the bus is in motion
 - Emergency HELP button located inside if needed
- Excessive Noise
 - Use reasonable volume while operating person devices
 - Limit conversation with the driver while the bus is in motion
- 911
 - Call for help if needed in an emergency situation
- Fire Extinguishers
 - Behind the driver's seat / Underneath the right front passenger seat
- Emergency Exits
 - Front door
 - Windows push outward. Lift the latch or pull it downward to open the window
 - Roof vent over the aisle. Pull the latch down and push up to open
- Use handrails
 - While entering and exiting the bus
