

NTSB Investigation of Merrimack Valley, MA, Fires & Explosions
NTSB Investigation PLD18MR003

Page 1 of 2

Name	Schlitt, Erich
Company & Department	Columbia Gas, Construction
Title	Leader, Operations Support Specialist
Date of Interview	September 16, 2018

I have reviewed the transcript of my NTSB interview from the referenced investigation. I have answered questions to the best of my ability, but without the opportunity to review documents to refresh my recollection. Some of what I remember may be based on what others told me. My requested corrections and clarifications are as noted below.

7	21 & 22	initiatives we could move to made to exclude those.	initiatives.	Transcription Error
8	1	No I was not tracking the budget or progress of this property.	I was aware of this project in 2016. No I was not tracking the budget or progress of this project.	Clarification & Transcription Error
8	8	installation of main in 2016.	installation of main in 2016. This included the constructability review and oversight through one or more of my 17 direct reports. I was also involved in the constructability review in late 2017. I don't recall any specific involvement after that, but it is possible that I was consulted during the transition to a new construction lead.	Clarification
