0505
0506
0506:42 AP cirrus six kilo sierra descend at pilot's discretion
maintain three thousand

0506:48 N436KS p d down to three thousand six kilo sierra
0507
(0508-0513)
0514
0514:36 AP cirrus six kilo sierra cross bvrly at or above three
thousand cleared for the uh i l s runway one four
approach

0514:43 N436KS cross bvrly at or above three thousand and cleared for
the i l s one four approach six kilo sierra
0515
0516
0517:00 N436KS approach four three six kilo sierra i just want a
clarification

0517:05 AP november six kilo sierra go ahead

0517:07 N436KS i'm crossing bvrly at or above three thousand and then
am i cleared to go to reevz or do i have to do a hold

0517:13 AP november six kilo sierra just continue inbound on the
approach sir cleared for the i l s runway one four
approach

0517:17 N436KS okay roger that i just wanted to double check i don't
like to get in trouble

0517:21 AP six kilo sierra no problem sir you can go ahead and
contact tower one one niner point niner see ya later

0517:26 N436KS over to tower one nineteen nine good day thanks again
