Subject: Appointment of Chief Safety Officer in the Department of Safety,
Security & Emergency Management

Distribution: All Metro Employees

I am pleased to announce that Ronald Keele has been appointed as Chief Safety Officer for Metro to lead the agency's efforts to become the safest transit agency in the nation.

Ron will oversee Metro's Department of System Safety and Risk Management, which includes bus, rail and facility safety, system safety, environmental management and industrial hygiene, safety training, as well as the insurance, third party claims and workers' compensation offices.

He has more than 20 years of experience in the safety field, with 14 years in mass transit safety.

Most recently, Ron was the executive director of safety, quality assurance and risk management for the Maryland Transit Administration (MTA), where he managed the investigation of all accidents involving fatalities or serious injuries, reported unsafe acts, unacceptable hazardous conditions, derailments and collisions. He also managed the system safety design review of all of MTA's new facilities and equipment, system safety certification, fire protection engineering and fire life safety code requirements. Previously, Ron worked as the system safety manager of space shuttle operations for the National Aeronautics and Space Administration and he also worked here at Metro as the director of passenger, vehicle, fire life safety and emergency management.

He has a bachelor's degree in civil engineering from Virginia Polytechnic Institute and State University, a master's degree in business administration from the George Washington University and a master's degree in civil engineering from the University of Maryland. He is a registered professional engineer and a certified safety professional.

He will be located in the Jackson Graham Building, Room 2A-05. He can be reached at 202-962-2297. Please join me in welcoming Ron back to Metro.

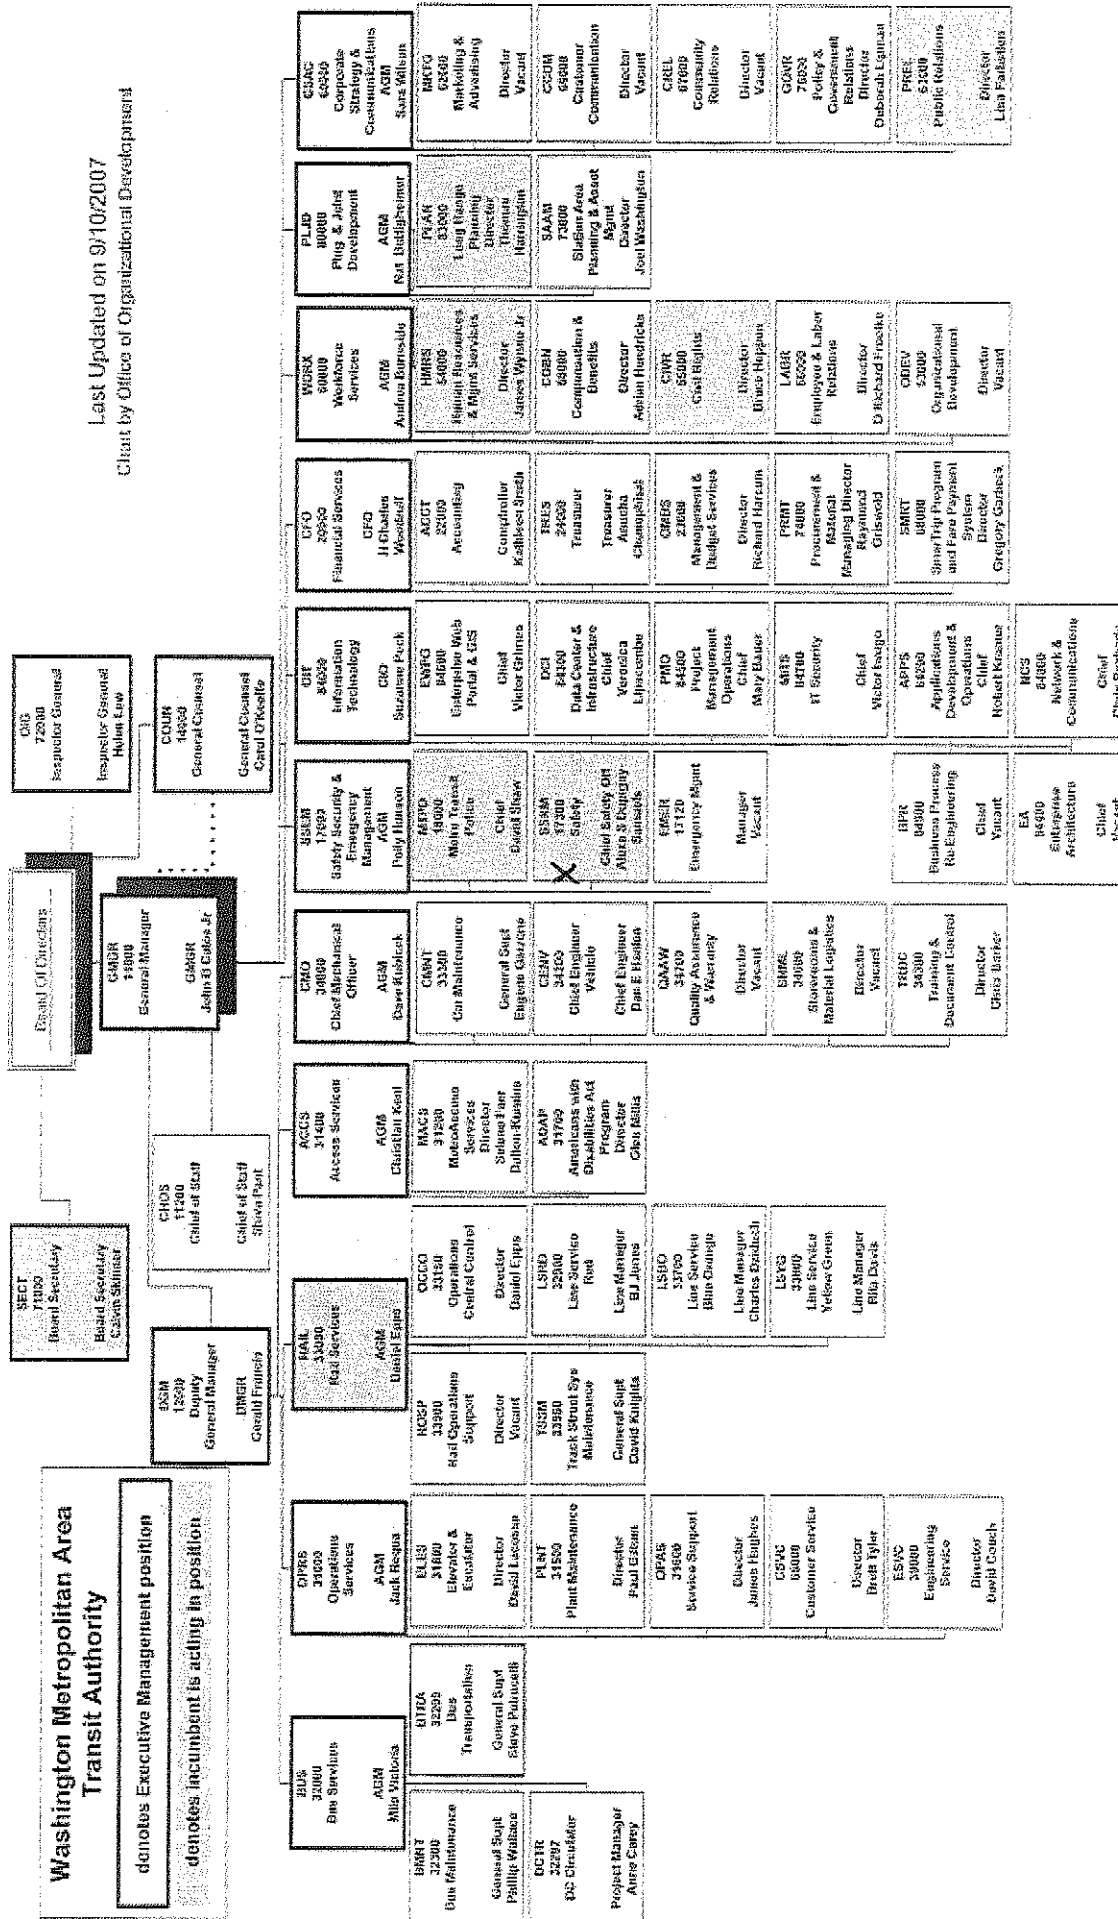

Polly Hanson
