Person Peter Artie- Camp Ground Host
Interviewed: XXXXXXXXXX

Subject: Witness Airplane Approach- N55GM, WPR14FA243

Conversation:

Mr. Artie stated he observed the accident airplane make its approach to the airport. He said the airplane was hard to see because there were not illuminated lights on the airplane as it made a low approach over the trailer park. The sun had gone down behind the hills and it was getting dark. He stated as the airplane went over the trailer park he thought he saw grey smoke coming from the engine and stated the engine sounded "wrong."
