I was hiking on the W. side of Hiway 12 down towards  
 Middle Calf Creek with a dog. I heard a loud noise  
 approaching from the west, I couldn't see it because of cliffs  
 to my west. Then the plane - single engine - silver came  
 almost directly over me approx 200-300 feet above. I watched  
 it pass over me heading E. NE. It seemed low to me, right  
 after this thought it hit the wire, wrapping around a  
 few times before disappearing to the west. I looked at my  
 camera clock (after I started running uphill) it was exactly  
 3 P.M.
