

## Communication Summary

July 29, 2015

Information From: Lisa Lee, witness

---

Summary & Factual Information:

Ms. Lee forwarded her following recollections:

My sister, sister-in-law and I were driving to Kenosha from Twin Lakes WI on Saturday July 25, 2015. We were on Hwy 50 and my sister and I were looking to the left at the scenery we were passing and saw a small white plane do 2 corkscrew type twirls and dropped nose down behind the tree line out of sight. We think it occurred approximately 11:00 a.m. based on the time she picked us up and the time it would take to get to that point in our journey. We did not see any explosion or hear any noise during the crash and thought it was a large model plane since it did not seem like the size of a small manned plane to us.
