The plane did multiple circles around where I was. The plane was smoking in the air and sounded wrong. My friend Logan and I saw the plane drop low and we knew it wasn't good then heard it crash. We drove off of Emerald Point and I ran to the crash site. When I approached the scene the plane was in pieces and two individuals were trapped inside ~~one~~ the student was conscious but the instructor was not. I contacted the flight school and informed them of the situation.

DESCRIBE, IN DETAIL AND IN YOUR OWN WORDS, THE EVENTS OF THE INCIDENT OR ACCIDENT:

At approx 5:08 PM 4-28-18 while driving on Browne Bridge Rd I observed a small plane flying low and it dipped down almost striking us the plane then engaged in flames I drove through the fire and my right rear bumper hit a sign as I swerved to miss the plane. The plane then flipped down a embankment, I left my car on the right side of the road and went to see if I could be any assistance to any one in the plane. When I was told to go back from scene because of fuel leaking from plane I went to my car and notice paint damage to my car from the fire from the plane

Sitting on my deck @ Cain Circle when around 5:30-5:50
heard a plane flying near by. I looked up and heard
a POP. Then I heard sputtering from an engine and
saw a white plume of smoke on left side. Then the
plane banked to the right and came back around
in a spiral. I listened for impact but couldn't see
or hear. Then my neighbor took off (Sheriff deputy)
took off to attend accident
