I, Penni D. Wilson, residing at [REDACTED] in the Town of Corning, Steuben County, State of New York, by this Supporting Deposition make the following allegation of fact in connection with an accusatory instrument filed, or to be filed:

On November 15, 2012, at about noon, I was traveling west on I-86 in my car between the Gibson and Corning exits. I saw a black helicopter with red on it come down from Denmark Hill. The helicopter then came right over the highway. I thought it was going to land on my car because it was so close to the ground. I could see a passenger in the helicopter on the left side. I watched it travel across the highway and over by the river. I then saw the helicopter hit power lines and a bunch of debris from the helicopter go flying. The tail of the helicopter was totally ripped off. I told my daughter-in-law, Starr Wilson, who was in the car with me to call 911. The helicopter fell to the ground. I didn't see any fire right away. We then traveled over to World Kitchen, up the dyke and saw the helicopter on fire and power lines lying on the ground.

I, Starr D. Wilson, residing at [REDACTED] in the Town of Big Flats, Chemung County, State of New York, by this Supporting Deposition make the following allegation of fact in connection with an accusatory instrument filed, or to be filed:

On November 15, 2012, I was traveling west on I-86 as a passenger in my mother-in-law, Penni Wilson's car. There is a hill on the right side of the highway. I saw a black and red helicopter flying down the hill and Penni I said to Penni, "I just saw that helicopter yesterday." I noticed that it was flying low. Penni yelled, "It's going to land on my car!" I told her it wasn't going to and looked down at my phone. I heard Penni say, "Oh my god! It just hit!" I looked over to the left toward the river and saw debris flying everywhere. Penni then pulled right over and I called 911 at 12:11pm and reported the crash. We then went into the city, went over to Pressware and saw the helicopter was on fire.

I, H. Kenneth Murdock, residing at [REDACTED] in the Town of Dix, Schyler County, State of New York, by this Supporting Deposition make the following allegation of fact in connection with an accusatory instrument filed, or to be filed:

On November 15, 2012, I was working for the Corning School District and was doing a job at Corning East High School. I am a consultant [REDACTED] and was working with one of the district maintenance staff of the school there, gathering information for the architect for a project. At about 12:15pm-12:30pm, I was on the gym auxiliary roof of the school. I could hear a helicopter flying. I looked up and saw it coming down the hill, east of the school and east of the highway. The helicopter was flying down, over the top of the power lines. It was actually below the highest tower from my advantage point. I took my eyes away for a minute. I looked back up and I saw a flash the right side of the power poles, which would be south side of the power poles. I knew the helicopter had hit electric wires. I saw the helicopter fall and it then disappeared from my point of view. I then saw flames and lots of black smoke. I immediately called 911. During the duration of the incident, I did not ever hear a change in the rhythm of the blades prior to the crash. I could not tell from where I was as to how many passengers were in the helicopter.
