

RECORD OF CONVERSATION

James Bledsoe
Air Safety Investigator
Western Pacific Region

Date: 2/2/2022
Person Contacted: Richard Zeiler

Narrative:

The following is a synopsis of the information provided by Pilot Richard Zeiler in a telephone conversation on this date:

- Mr. Zeiler stated that he was conducting ground tests prior to taking off. The accident occurred during a high-speed taxi while checking the airplanes handling characteristics. He stated he misjudged the remaining length of the runway and aggressively braked to stop the airplane.
