It will be the Avflight FBO

3121 W Circle Dr
Lansing, MI 48906

This is where they can meet you and pick you up.

Are there still going to be 4 of you?

Same pilot as last time. I was going to go but I have a trip, I'll probably still meet you all at the airport in the morning. Look for a text for me to introduce you to Joel (your pilot) so you have his contact info.

Tyler, are we still considering this?

If so... sooner is better than later.

If so... are you interested in flying up? \$~ [Redacted] for the charter flight up and back... it would save us 10 hours of drive time...

John,

We are holding tight for right now. If B&V directs us to go the Reo Town route, then, yes, I'm interested in flying up on the charter flight. Thanks.
