I plan to do a cross country from KLBB To KMAF and i depart KLBB at 1300 Central time zone. As i cross over Lubbock, I notice i didn't hear any ATC or other traffic communication. And i receive an text from my instrutor told me atc is calling me. I went trouble shot and fixed the communcation issue and decided to go back to KLBB and stop the Cross country. As i coming back to KLBB and land on runway 17R, It is a hard landing and i kept taxi to Hub city Aviation. and park the aircraft. Later on the same day, my instrutor called me and ask how my landing was because she saw the nose wheel struct is bad. and i told her it was a hard landing.
