Dear Rob,

As you may be aware, we regularly look at our Shield Program to keep it up-to-date and relevant for our operators.

Due to the unfortunate fatal accident that occurred last week, we are taking a hard look at our CFIT-Avoidance program. One of our concerns is how we are managing our end of looking at each operator's fulfillment of the program.

This evaluation may result in future changes to the program.

We need the following information by July 8, 2015.

- Copy of your pilot roster for May and June, 2015
- Copies of all CFIT-A training records, including ground and flight training
- A copy of your CFIT-A program

Either scan and email these records to Deb Walker at [REDACTED] or mail to our address, in care of Deb Walker.

Your participation in this request is vital to keeping this program relevant for all our operators.

If you have any questions, please feel free to contact myself or Deb at [REDACTED]

Yours sincerely for

THE MEDALLION FOUNDATION
