Scott,

I met with company personnel on May 28, 2021, and discussed:

- Company Flight Plans – Increased use and monitoring
- Standardizing Tracking Installations and monitoring of operations
- Reviewed ELT installation and operation
- Reviewed Flight Locating procedures

On Monday, 6/7, Bruce completed data collection for DCTs 3.0, 5.0, 6.0 and Custom DCT 3.3.1 Operational Control

I am standing by for additional questions.
