**Subject:** CEN23FA125 - purpose of flight  
**Date:** Monday, March 13, 2023 9:29:02 AM

---

Mike,

I spoke to the passenger's daughter this morning. Here's a few more details that might be helpful:

- She said that the destination of the flight that night was to return to Pearland Airport. The family already retrieved the passenger's vehicle from the Pearland airport.
- The passenger's birthday was the next day which might explain the pinata.
- The passenger and pilot had recently started dating.
