

F/V SCANDIES ROSE

31 DEC 2019 - 01 JAN 2020

Search & Rescue Overview

Prepared by: Scott J. Giard
USCG

SAR Case Overview

At 2130 on 31 DEC 2019, USCG COMMDDET Kodiak received a Mayday call from the F/V SCANDIES Rose on 4125KHZ (HF Radio).

Weather on scene: 20-30' Seas, 35-50 Kt Winds, Low Clouds, Snow, Heaving Freezing Spray, Water Temp 39°F, Air Temp 10°F.

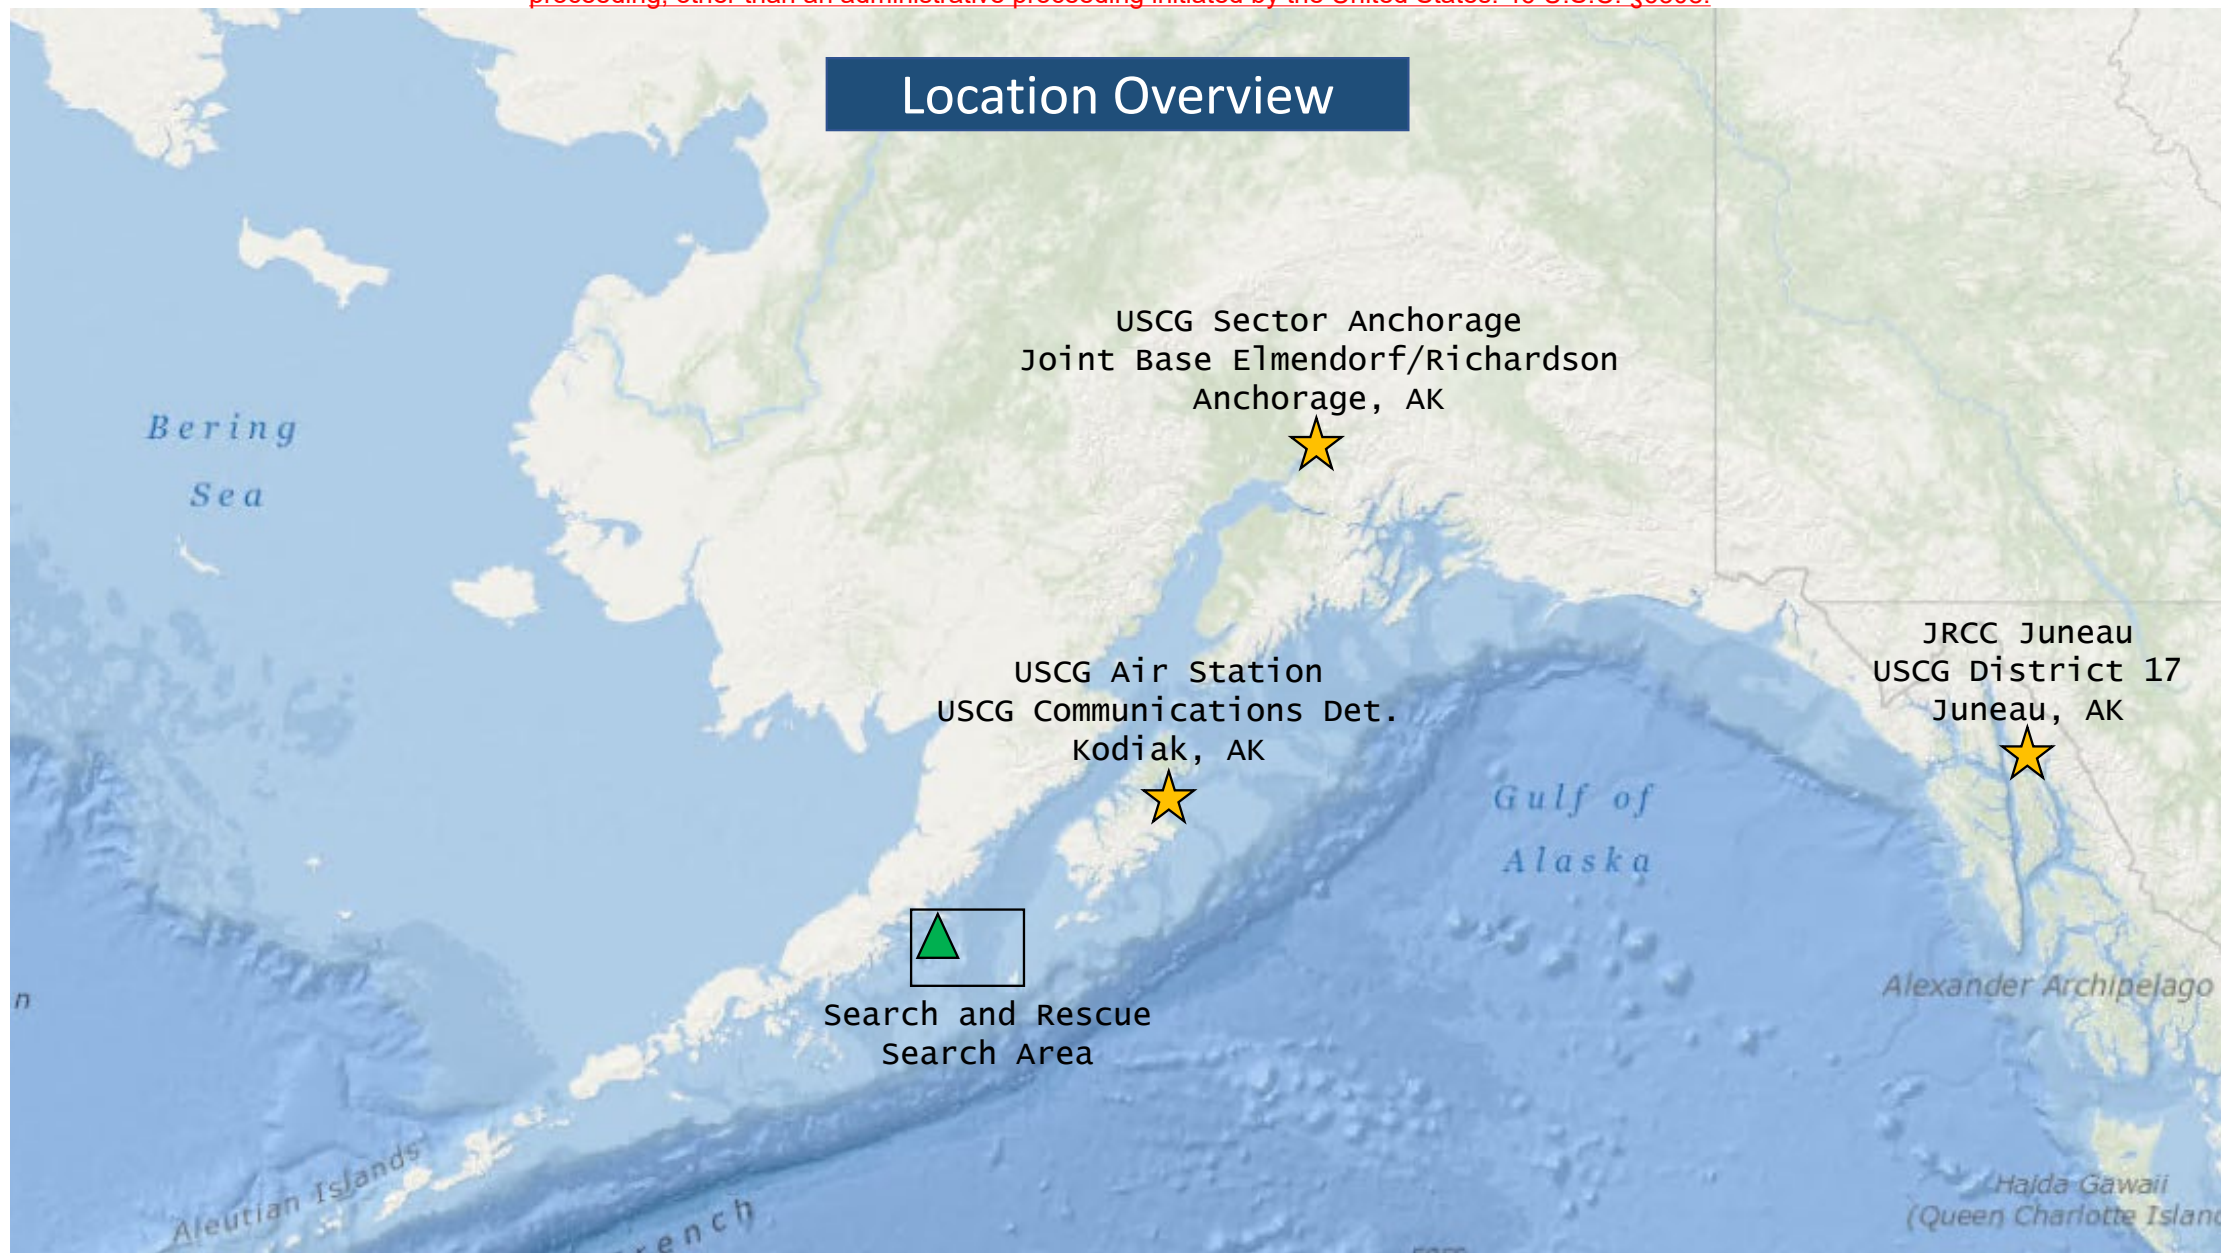

SMC was initially assumed at Sector Anchorage, due to case complexity and distances JRCC Juneau assumed SMC.

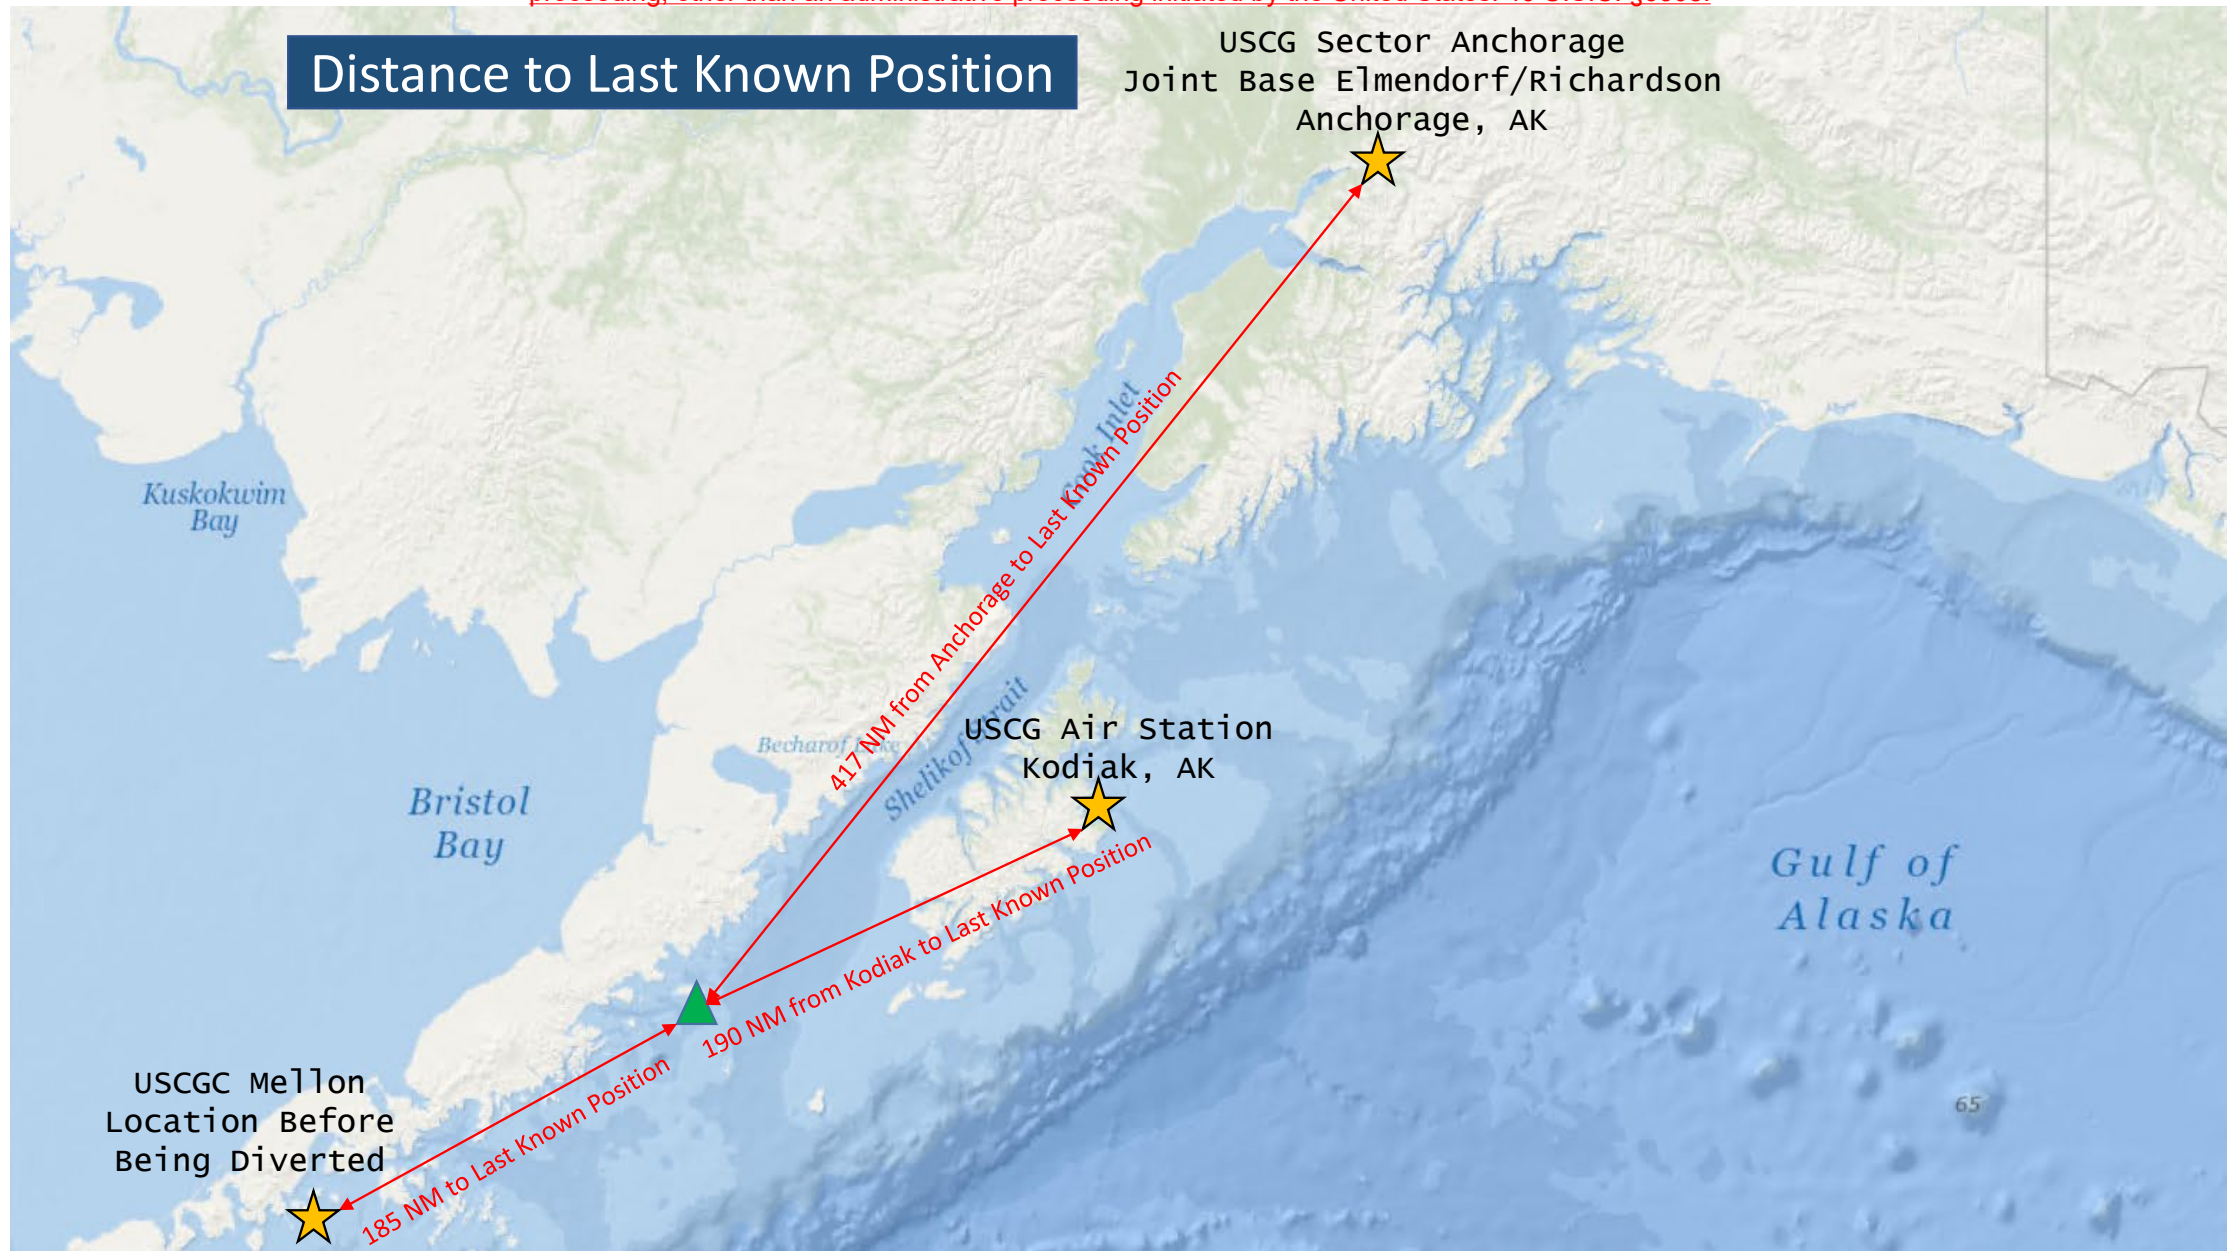

Approximately 04 hours after the initial MAYDAY call, a USCG Helo located a raft with 02 Survivors, hoisted, returned to Kodiak.

Over the next 16 hours, 03 USCG helicopters and 02 airplanes as well as USCGC Mellon searched for additional survivors.

No additional survivors were located by USCG Search and Rescue Units.

The Active search for survivors was suspended by the Search and Rescue Coordinator at 1808 AKST 01 JAN 2020.
