I, the undersigned, make the following statement voluntarily, without threat, duress or promise of reward:

Approximately 0825 I was upstairs in the crew room getting water. The boat hit, there was a loud crunch noise and we listed severely Port Side. I was knocked against the wall. I ran into the back of the wheelhouse (door to be sure no one was having a medical emergency or hijacked. Captain Dave Cole was at the helm. He was standing with his feet wide apart, screaming Fuck! Fuck! What the fuck! I immediately ran down the corridor to grab Matt O'Farrell who was in the state room. We ran downstairs to the bow of the vessel to be sure no one was thrown over, seriously injured ect. We both took one ramp and started checking each vehicle to check with the passengers that everyone was OK. It was obvious there was excessive damage to the vessel, but no passengers

I have read my statement as documented above (and, if applicable, on continuation pages), and to the best of my knowledge and belief, it is true and correct.
