## **AIR TRAFFIC CONTROL**

Group Chair's Factual Report - Addendum 2  
Additional Facility Documentation

## **A. INCIDENT**

Location: Austin, Texas

Date: February 4, 2023

Time: 0640 central standard time (CST)  
1240 coordinated universal time (UTC)

Airplane 1: Boeing 737-79P, N7827A, Southwest Airlines Flight 708 (SWA708)

Airplane 2: Boeing 767-32LF, N297FE, FedEx Flight 1432 (FDX1432)

## **B. AIR TRAFFIC CONTROL ADDENDUM**

Several documents that had been requested were not received from the FAA until after the initial Technical Review had concluded. The items listed in Section C below are being added here in a single addendum. This information includes updated training documentation, as well as an email documenting the status update of the FAA's announced technology "sprints."

## **C. LIST OF ADDITIONAL ITEMS**

- AUS updated controller training records.
- FAA response to request for update on technology "sprints."

Brian,

I received this from AUS:

Update to previous question: Damien Campbell recertified on LW/LE today 2/29/24.

Thanks,

Alex Nelson

**Subject:** NTSB Request 24-316

[CAUTION] This email originated from outside of the organization. Do not click any links or open attachments unless you recognize the sender and know the content is safe.

Hi Brian,

This is in response to NTSB Request 24-316 which is in preparation for the upcoming Austin Board Meeting. Please see response below.

Do any airports currently have any of the 3 recently announced "Sprint" initiatives (SAI, ARV, or RID) already installed and operational? If so, what airports and which initiatives?

**SAI:** FAA is on course to have SAI operational at IND, AUS, BNA, and DAL by 6/30. We are in process of identifying the next block of airports for deploying in FY24, as well as establish a waterfall for continued deployments in FY25 and beyond.

**ARV:** ARV was released/introduced into the NAS, Sept 25, 2023.

**RID:** The FAA is on track to begin Operational Evaluations of RID prototype units at 5 sites by November 2024. The waterfall timeline for the planned deployments to 74 sites is currently in process. Deployments are expected to begin January 2025. AUS is one of the airports planned for deployment of the RID system.

Have a great day.

*Anne*
