Executive Driver's Record of Duty Status (RODS)

Pala Mesa, California, February 22, 2020

HWY20FH003

(21 pages)

Service issue update (2/24 - 2:08am PST)

The inaccurate Distance metrics on the Driver HOS & Unassigned HOS reports for 2/20 & 2/21 have now been corrected. Drivers can also safely resume using the DOT Inspection Screen. Some metrics on the following reports may still be inaccurate for reporting time-ranges that include 2/20 & 2/21 – Upcoming Preventative Maintenance Report, Billing Report, Eco-Driving Report, EV Efficiency Report, and EV Charging Report. We apologize for any impact this is having on your operations and are working towards a resolution.

Service issue update (2/24 - 2:08am PST)

The inaccurate Distance metrics on the Driver HOS & Unassigned HOS reports for 2/20 & 2/21 have now been corrected. Drivers can also safely resume using the DOT Inspection Screen. Some metrics on the following reports may still be inaccurate for reporting time-ranges that include 2/20 & 2/21 — Upcoming Preventative Maintenance Report, Billing Report, Eco-Driving Report, EV Efficiency Report, and EV Charging Report. We apologize for any impact this is having on your operations and are working towards a resolution.
