Please see below

- Do CSA and CSRs have to do the Rail Safety Tour with Rail Instruction as a condition of employment, or just in general? *Yes, Rail Safety Tours are incorporated in CSA initial training*
- Are CSA and CSRs issued CTA Rail Safety Tour ID Cards? *Cards are not issued during initial training, however all participants must successful complete this area of training before being qualified and released to their Terminals*
- Was [REDACTED] ever issued a CTA Rail Safety Tour ID Card? *Per the process, cards are not issued to during initial training, however [REDACTED] successfully completed Rail Safety before being released to the Terminal.*
