17. STATEMENT			
<p>We were working in 2 track out of Service. The Watchman all Blew their horns horns and raised their banners. The equipment were blowing their horns. There was a South bound train on 3 track. As that was going by there was a north bound train coming on 1 track. The horns were still blowing blowing. I was standing in 2 track out of service about half a Catpole away from Luke (the watchman who got hit). He was on 1 track side with his banner up. As I looked over at him I saw him get hit by the North bound train and get thrown about 2 catpoles maybe a little less. As soon as the train passed by I yelled at my foreman that he had gotten hit. By that time the banners were down so we ran over and found what was left of him in the woods.</p> <p style="text-align: center;">ACW ACW ACW ACW</p>

17. STATEMENT <p>As myself and fellow workers worked on No. 2 trk, a train was coming south on No. 3 trk, from ROSS looked at me and stated "double bubble" (train coming opposite direction around us), as the train (2nd) cleared North of us on No. 1 trk I noticed a ground worker, Andy run across No. 1 trk and yell. I made my way over and after noticing what had occurred, contacted GTEC 1 and said "Emergency, Emergency, Emergency" over the radio. Cleared all the workers, except for a few watchman and handled the situation as best as I could.</p> <p style="text-align: center;">CEG CEG CEG CEG</p>

17. STATEMENT			
<p>Myself along with foreman Gonzalez had just cleared up into #2 track (out of service track) for a train coming south on # 3 track. While cleared another train started coming north on # 1 track. The watchman had been posted on # 1 track side. The watchman, Luke was next to my location on # 1 track side. I turned towards foreman Gonzalez to inform him that it was a double bubble (trains moving by our location at the same time) and as I did I heard the impact of the watchman and the train. Once the tracks were cleared I ran to the field side of # 1 track and found the body of Luke laying in the woods</p>

17. STATEMENT <p>I was posted middle watchman on track 1^{RLA} when Luke blew his airhorn and raised his banner for a train headed south on track 3^{RLA}. I blew my horn, raised banner and then the guy south of me did. I looked back north, saw another train coming north on track 1^{RLA}, turned back towards Luke and started blowing on my airhorn and whistle because I noticed he was right next to the track with his foot either on the rail or tie. The amtrak train went by me, I continued blowing airhorn and whistle. The train then covered my line of sight of him then I saw his hard hat fly and blood.</p> <p style="text-align: center;">RLA</p> <p style="text-align: center;">RLA</p> <p style="text-align: center;">RLA</p>
