## **Errata for the Survival Factors Group Chairman's Factual Report:**

### 1. Section 5.2 Crash Involved Motorcycles

**On page #15**, the fourth and fifth sentences state:

Three of the motorcycles involved in this crash were equipped with an automatic braking systems (ABS). One motorcycle located towards the front was equipped with ABS and the other two were in the rear of the pack.

The sentences should state:

Four of the motorcycles involved in this crash were equipped with an automatic braking system (ABS). One of the ABS-equipped motorcycles was positioned near the front of the riding formation, and the remaining three motorcycles were positioned towards the rear of the riding formation.
