Mike,

Thanks for the quick info. The pilot, Joseph Ray Rotge does not have a certificate or medical and the aircraft is registered.

Hi Carl,

I hope you are doing well sir.

I was just assigned the accident with N438RN that occurred in Mountain Home, TX.

The NTSB case number for your records is CEN22LA127.

I just want to confirm that with this accident – the pilot (Joseph Ray Rotge) does not have a pilot certificate and he also does not have a medical certificate?

For the aircraft itself, did it have a current registration?

Thank you for the help sir. Have a good week.

Mike
