I do hereby make the following statement to Deputy Lyle Norton who has identified himself as being employed with the Fall River County Sheriff's Office.

This statement is given voluntarily, of my own free will.

On the evening of January 30th, my family had just returned from Rapid City. Nathaniel Peterson had texted me and asked if he could taxi his airplane on the runway. He was doing this when we arrived home around 4:45.

At around 5:00 he became airborne, and did 2 touch and goes. He then flew to the south, where I could hear him.

At 5:20 I messaged him asking him where he was. At 5:30, I started the sub to go look for him. At 5:40 I arrived at the scene and found no pulse. I ran to the neighbors and ask them to help and call the ambulance. Mike & Bobbi were also unable to find a pulse.

I have read this statement consisting of _____ pages and the facts contained therein are true and correct.
