Narrative:

Belton Fire was dispatched to the above location for a Motor Vehicle Accident with injuries, requested by 15-03 on scene. E-2 and R-2 enroute and on scene 15-03 had command. E-2 shut down the road prior to the MVA and BFD units started to help FFD units and EMS units with patient care. Units on scene assisted with securing and loading patients for transport, and also assisted with driving in 2 ambulances for Med-Shore. A total of 8 patients were loaded with the assistance of BFD and FFD units and transported by EMS units. E-3 assisted with traffic control at S. Main st and Guthrie rd. BFD units were cleared by command on scene, scene left with 15 units. All BFire units cleared the scene and back in quarters.

Narrative Date: 12/23/2019 10:28:25

Narrative Apparatus ID: n/a

Narrative:

Response for a reported three vehicle collision on BHP Hwy at Beeks Rd. FFD Capt R Mattison and FFD FF L Epps were first on scene arriving in their POVs. On arrival Capt Mattison and FF Epps found a two vehicle collision on BHP Hwy just North of Beeks Rd. A 2015 Chevy Equinox had crossed the center line and struck a 2009 Ford small bus on the left side. The bus was traveling North toward Belton and the Equinox was traveling South toward Honea Path at the time of the collision. The driver of the Equinox was ejected during the crash and was found partially under the Equinox. The driver of the Equinox was the only occupant of that vehicle. The bus had seven passengers and the driver on board at the time of the collision. One bus passenger who was seated on the left side was ejected during the crash and was still attached to the seat by the seat belt. This passenger was deceased and FFD assisted the coroner with removal. The driver and remaining passengers had varying degrees of injuries. Additional EMS and fire resources were requested due to the number of Pts. FF's assisted EMS with treating / packaging and transporting Pts. Fire provided EMS with four drivers to drive ambulances to the hospital. Fire apparatus was used to block all lanes of BHP

Hwy on the North and South sides of the scene. The highway remained blocked off during the entire response and investigation and only reopened after the roadway was cleaned and the wrecked vehicles were moved from the scene. After all Pts were transported Chief Ashley had the county mobile command post brought to the scene. FFD set up lights to illuminate the scene while SCHP investigated. SCHP requested FFD's assistance in recovering the vehicle data boxes from both vehicles. FFD used hydraulic rescue tools to remove the drivers seats of both vehicles to access the data boxes. Capt R Mattison established command and later transferred command to Chief Ashley when he arrived on scene. FF's arrived and cleared the scene at various times during the incident. Agencies on scene were Friendship FD, Belton FD, Belton EMS, Honea Path EMS, Medshore EMS, South Carolina Highway Patrol and Anderson County Coroners Office. Times in ERS may not be accurate, see CAD / radio logs for times. FFD was on scene approximately 7 hours 30 minuets. This summery is from oral statements made by Chief Ashley, FF M Epps and written statements from other FF's. EOR.
