National Transportation Safety Board

I am Jeremiah Zimmerman, the Engineering Manager at Midland Manufacturing, a leading manufacturer of tank car service equipment. With Midland since 2015, I oversee the design engineering team and new product development. Prior to Midland, I worked as a design engineer in research and development at Xerox. I have a Bachelor of Science (BSME) and a Master of Science in Mechanical Engineering (MSME) from Portland State University with a focus in Fluid Dynamics. I have over 15 years of experience in engineering research and product development. I have a detailed understanding of the design, manufacture, operation, performance, and regulation of tank car service equipment.

Thank you,

Jeremiah Zimmerman
