7 AREAS OF CONCERN

- Freon - The crew was able to access the refrigeration machinery space and confirm that the system is no longer a closed loop and that the tanks no longer contain amounts of freon beyond residual.

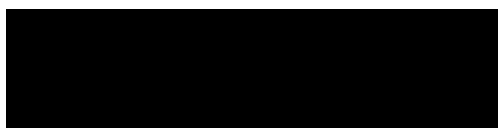

7.1 SAFETY OBSERVATIONS

- A Site-Specific Health and Safety Plan was submitted to the Unified Command for approval.
- An updated Dive Operations Plan was submitted to the Unified Command.
- Weather continues to be a safety consideration. Colder temperatures with freezing rain is expected to continue over the next few days. Tents, heaters, and hot food/drinks are available as needed for breaks and warming. Additionally, temperatures have now dropped low enough that the steel deck plates on the pier are frosty in the early morning.
