On the above date and time officers were dispatch to Buckeye Municipal Airport located at 3000 S Palo Verde Rd for a possible airplane crash incident. Officer [REDACTED] arrived on scene to an airplane in flames and Maricopa County Sheriffs Office Deputy [REDACTED] S2262 and two individuals helping a victim out of the airplane. A second victim was found just outside the airplane who appeared deceased on scene. The approximate location of the airplane and incident was located at coordinates 33.432208, -112.688832.

The victim who was pulled out of the airplane was identified as [REDACTED]. While [REDACTED] was being medically treated he stated he was a flight instructor and had been for a couple years, he also stated he was inside the airplane with one of his students possibly named [REDACTED] [REDACTED] [REDACTED] [REDACTED].

[A] witness ... stated she observed a small airplane flying erratically near her residence located at [REDACTED], Buckeye AZ. [She] believed it to be erratic due to the flight pattern of the airplane to be extremely low to the ground and taking several sharp turns. [She] did not observe anything further once the airplane flew away.

I also spoke to someone by telephone who was identified as Rami Yousif and claimed he knew who the victims involved were. Rami is a coworker of [REDACTED] [REDACTED] and they both work at Skyway Flight Club based out of Glendale AZ. Rami stated [REDACTED] was the pilot and the passenger was identified as [REDACTED] Rami stated [REDACTED] is the owner of a white airplane with black and red stripes and bearing the registration number of N13AR.

Rami stated due to the control tower having not been opened and manned during the take off he used [ADSB] tracking number and observed the plane had left Glendale Airport at approximately 0625 hours and had traveled to the Buckeye area but did not have any further tracking information. Rami did not have any more information at this time.
