Subject: WPR24FA018 - Interview

Contact: Kaleb Porter - Accident pilot's son

Mr. Porter stated that he was not aware that his dad had left on the accident flight. He discovered the accident through an internet search after he hadn't heard from his father in 24 hours. The pilot's girlfriend told her daughter that they stopped in Covelo for a bathroom break, but they don't know where the next destination was after Covelo.
