

Memorandum For Record

Timothy W. Monville
Sr. Air Safety Investigator
Eastern Region

Date: July 10, 2020
NTSB Accident Number: ERA19FA210

The pilot-in-commands (PIC) phone records were obtained from his service provider by subpoena. The requested records were from midnight on July 1, 2019 thru 2359:59 on July 4, 2019. The provided log listed phone calls in UTC date and time. The following data was extracted from the list of calls made and received. The UTC time and date were converted to local time and date in this document.

July 3, 2019 –

There was no phone call activity between 1959:00 and 2324:17.

2324:17, the PIC's cell phone received a call from the owner's cell phone. The call duration was 1 minute 17 seconds.

2333:56, the PIC's cell phone called the cell phone of an individual at Big Grand Cay, Abaco, Bahamas. The call duration was 1 minute 12 seconds

2338:19, the PIC's cell phone received a call from the cell phone of the individual he called at 2333:56. The call duration was 3 minutes 34 seconds.

2342:51, the PIC's cell phone called the second-in-command (SIC)'s cell phone. The call duration was 3 seconds.

2347:00, the PIC's cell phone was called by the owner's cell phone. The call duration was 25 seconds.

2347:22, the SIC's cell phone contacted the PIC's cell phone. The call duration was 3 minutes 21 seconds.

For further information please refer to NTSB's Human Performance Factual Report contained in the NTSB public docket for this investigation.
