

MEMORANDUM FOR RECORD

Aaron McCarter
Air Safety Investigator
Eastern Region Aviation

July 15, 2019

Subject: ERA19FA225-Mobile Phone Recording

The pilot/owners mobile phone was recovered by the Anderson County Sheriff's Office and was provided to the NTSB Investigator for examination. The phone was undamaged and was powered. Recent videos and photographs pertinent to the pilot and airplane were viewed on scene. On July 7, 2019, there were 3-videos that showed the airplane landing and maneuvering over the airport. An additional video taken on the same day, showed two individuals taxiing the accident airplane towards the camera and appears to be taken post-flight. After the airplane taxis in, it comes to a stop, directly in front of the camera. There were two individuals seated in the airplane. The person in the right seat, when asked by the pilot/owner recording, "What do you think about that?" He motioned to the right with his hand and said, "It still, freaking, pulls hard to the right."
