Mr. Fancher,

I hope all is well in your area given the circumstances.

As we progress with the development of our final report, changes have been made to my Motor Carrier Factors Group Chairman's Factual Report. The content of the report has been expanded and therefore I am submitting the revised copy to you as part of our agency's technical review process. As with the previous technical review, I'm requesting that you review the report for factual content and provide me with any proposed corrections by no later than COB, Friday, April 24th. Also, this report is for NTSB party member review only and is not to be disseminated to others outside of the NTSB party system.

Thank You for your review.
