Hi Ralph,  
Jake is healing very well. Thank you for your concern.

Unfortunately, he still remembers nothing from that day except getting to the airport - even that though he needed to be reminded of and then he remembered. We have talked though him getting there, him getting into the plane, the take off and getting him out of the plane afterwards - he remembers none of it.

Thank you,

Hi Elayne,

This is just a follow-up to check on Jake's condition and how he is healing. If he recalls anything about the accident flight, please let me know.

Thanks,

Ralph
