I, the undersigned, make the following statement voluntarily, without threat, duress or promise of reward:

I was notified at 2015 by Capt. Steven Nicoulin that there was a fire in the generator room aboard the Str. NATCHEZ, and that the fire department was on scene tending to the fire. Several calls were made by myself to company officers and the USCG @ 2116 after speaking to Tom Atho (our usual inspector). I then drove out to the site and arrived around 2215, shortly after the fire department left the scene.
