Subject: Navigation Notice 18-18 Recommended Route 202 - 200.5 Above Mel Price Lock and Dam

Subject Navigation Notice has been posted to the NTNI website and is attached for reference.

UPDATED SAILING LINE

Upper Mississippi River 202.0 - 200.5

1. Based on a Industry recommendation, and review of AIS data, the recommended route (sailing line) above Mel Price Lock and Dam has been revised to show the preferred downbound route for the Main Lock at all river stages and gate positions.
2. The revised recommended route will be available for download from the Army Geospatial Center on 1 November 2018. The link for downloading chart updates is <http://ienccloud.us/#DataDownload>. A graphic is attached to this notice showing the revised route.
3. All navigation interest should be alert for, and abide by, any special instructions that may be issued by the Lockmaster.

FOR THE DISTRICT ENGINEER:
