I, the undersigned, make the following statement voluntarily, without threat, duress or promise of reward:

We had welding activities happening aboard. The welders were contracted and we provided a fire watch during welding activities.

I was at our home office and received a text that the Q105 was on fire. When I arrived at approx. 12:06 the interior of the vessel was engulfed in flames. I checked with our crew to make sure all persons were off, and they were.

The York water truck arrived and I assisted them with fighting the fire until the fire department arrived and took over.

I have read the above statement, and to the best of my knowledge and belief, it is true and correct.
