

Confirmed via SDS sheet that none of the components in any of the chemicals stored in Building 2 would require a Tier II Report. I've included the chemical list below in case it's required down the line:

Chemicals

Zep X-608

Ethanol

R22 Refrigerant

507 Freon

Nevastane 6

Nevastane 220

501 Wallop

Alpha Bac

Condenser Coil Clear

Mineral Oil

POE Oil
