## **B. CRASH SUMMARY**

About 6:26 p.m. eastern daylight time on Friday, June 21, 2019, a 2016 Ram Tradesman 2500 crew cab pickup truck towing an unladen flatbed trailer was traveling west on Gorham Hill Road (US Highway 2) east of Valley Road. Meanwhile, a group of 13 motorcycles traveling in a staggered formation were heading the opposite direction on Gorham Hill Road. At this location Gorham Hill Road is a two-lane roadway with the traffic lanes divided by a double yellow centerline. As the vehicles approached, the truck entered the oncoming eastbound lane of traffic and collided with the first motorcycle. Afterwards, the truck continued into the eastbound lane and collided with multiple motorcycles before coming to rest on an embankment adjacent to the eastbound shoulder. A fire ensued and as a result of the crash, five motorcycle riders, and two passengers were fatally injured, one received serious injuries, and 6 received minor injuries. The pickup truck driver was not injured.
