Tealeye Cornejo
Air Safety Investigator (Field)
Western Pacific Region

Person Contacted: Oded Moore
email: [REDACTED]

NTSB Accident Number: WPR19FA075

Narrative:

The owner of the airplane, Mr. Ventura, he had dropped off the pilot and passenger at the airport the evening of the accident. Mr. Ventura recounted that the conditions were bad in the sense of a low-ceiling due to dense fog. He said that he offered the pilot and passenger to spend the night at his home since he didn't think they should be flying due to heavy fog.
