

MEMORANDUM OF CONVERSATION

Aaron McCarter
Air Safety Investigator
Eastern Region Aviation

Date and Time: 05/16/2022

Person Contacted: Operator; Claudia Childs @

NTSB Accident Number: ERA22LA228

RE: Discussed the circumstances surrounding the accident

Narrative:

The operator (Childs) confirmed substantial damage to the airplane and confirmed that the instructor and student were uninjured. The instructor informed her that the student was practicing soft field takeoffs and locked up on the controls during rotation and the pitch became excessive. The instructor couldn't get the controls back even after stating "her controls!"

The operator said she would get the accident report off in the next few days.
