**Air Safety Investigator**  
**Western Pacific Region**

---

**Date: April 19, 2021**  
**Person Contacted: Rebecca D. Shelton (Student Pilot)**  
**NTSB Accident Number: WPR22LA157**

---

### **Narrative:**

The following is a synopsis of the information provided by Rebecca D. Shelton in a telephone conversation.

On April 16, 2022 while conducting hover training in N3297Q, a Robinson, R44 helicopter at the South Valley Regional Airport (U42), Salt Lake City, Utah. The helicopter began drifting to the right, the right skid contacted the ground and the helicopter rolled onto its right side. Everything happened so fast, luckily they only had a couple of minor injuries.

According to the student pilot there were no preimpact mechanical failures or malfunctions with the airframe or engine that would have precluded normal operation.
