

NTSB RECORD OF CONVERSATION

Investigator name: Shaun Williams
Mode: Senior Aviation Accident Investigator
Region: Central

Date: August 17, 2021
Person Contacted: Nguyen Le
NTSB Accident Number: CEN21LA366

Narrative:

On August 8, 2021, about 1540 Central daylight time, a Piper PA-34, N8011F, sustained substantial damage when it was involved in an accident near Navasota, Texas. Mr. Le was acting as a flight instructor on the accident flight.

Mr. Le stated that while approaching the airport, he became distracted by a gyrocopter in the traffic pattern and failed to ensure the landing gear was extended, which resulted in a gear-up landing. He stated that there were no mechanical malfunctions or anomalies with the aircraft.
