Hi Helen, this is Meghan Achimasi. I wouldnt normally reach out on a Saturday evening but just got some information from OXY that I think is critical related to their VCM cars. I've already shared it with Robert Wood but I thought it would be good to escalate it. Can you call if you are able?
- MA** Meghan Achimasi <+ [REDACTED]> 2/4/2023, 9:13 PM
Robert has been so helpful by the way, always answered every call today!

If not, call me about the plan for the cars.

Hi David this is Meghan Achimasi. I just got off call with occidental's VP. I shared the information with Robert Wood but given the nature of it thought you might need to know it as well.
