Narrative

Summary of Events

E114 responded with several other units (reference NIFRS report) for a traffic collision on the SB I-15 Freeway SO Hwy 76 for reports of a bus rollover.

Chief Complaint Notes

MCI / Annex D

Patient History Notes

E114 and M114 arrived on scene to find a heavily damaged bus on its roof with 21 patient's of different severities. An Annex D / MCI was declared and units initiated triage, treatment, and rescue operations. E114 established Med Comm and contacted PMC MICN to gather a bed count and to begin transporting patient's off scene. It was determined immediately that PMC was on bypass and that air ambulance would not be able to fly due to weather conditions.

M114 was the first unit to leave the scene and transported 1 immediate, 3 delayed, and 1 walking wounded to Inland Valley Medical Center.

M115 was the second unit to leave the scene and transported 1 immediate, and 3 walking wounded to Temecula Valley Hospital.

M11 was the third unit to leave the scene and transported 1 immediate and 3 walking wounded to Temecula Valley Hospital.

At this time Palomar Medical Center notified med comm that they had become available to receive patients.

M151 was the 4th unit to leave the scene and transported 2 Delayed, and 2 walking wounded to Palomar Medical Center.

RA111 was the 5th unit to leave the scene and transported 1 delayed to Palomar Medical Center. As RA111 departed the scene they upgraded their patient from delayed to immediate.

3 patient's were declared 11-44 and remained on scene.

E114 confirmed patient counts with triage unit leader, transport coordinator and the MICN.

E114 terminated Med Comm
