Subject: ERA22FA058, Tower Camera location
Contact: Sussex County Sheriff's Office

The information below was received from the Sussex County Sheriff's Office.

“Tower Camera-2021-11-11_10h57min43s

This system is time synced with a GPS net clock so the time is accurate.

The camera that captured the footage is a PTZ camera. Based on its location and using the building in the foreground, it is pointed approximately 275 degrees westward from our location. The camera is located in the rear of the Sussex County Sheriff's 9-1-1 Communications Center at 135 Morris Tpk, Newton. Attached is a Google map of our building with a pin dropped (blue on right side of image) on the camera location and a red line drawn pointing in the direction the camera was facing.”
