Hi Logan,

I am trying to find out the costs involved in this incident. Do you have a current cost estimate for the total current cost (not to include any legal actions and associated cost) associated with this incident? This might include the cost of equipment/machinery repairs or replacement, emergency response, medical treatment, raw materials, building repair/replacement, and other associated costs. Thank you.

Regards,

Kim L. West  
Pipeline Accident Investigator,  
Office of Railroad, Pipeline and Hazardous Materials Investigations  
National Transportation Safety Board
