Hi Tim,

Attached please find a copy of the flight plan and weather briefing that was viewed on 11/30/19 at UTC 18:04 for flight K9V9 to KIAD.

Best regards,

---

Ms. Gillis,

I have been assigned as the NTSB investigator-in-charge for the accident involving a Pilatus, N56KJ, near Chamberlain, South Dakota on November 30<sup>th</sup>. I support of the investigation, please provide copies of any information access/reviewed by the pilot.

N56KJ (Pilatus PC-12)  
Departure from 9V9 heading to IDA  
Departure was around 1230 CST (1830 UTC) on 11/30/2019  
The pilot's fltplan.com [REDACTED].

Please let me know if you have any questions or require any additional information.

Thanks,

---

Hi Tim,

Please see email below. Our fltpln.com request has to go through you. Please email Tina with request. Thank you! I didn't know about this step...

Hi Paul,

I have been informed by Garmin, our parent company, that the request must come from the lead NTSB investigator in charge of the case.

Please have that person send me an email which I will then forward to our team in order for them to provide the information.

Thank you!

Here is the information I have so far:

N56KJ (Pilatus PC-12)  
Departure from 9V9 heading to IDA  
Departure was around 1230 CST (1830 UTC) on 11/30/2019  
The pilot's fltplan.com user [REDACTED]

Please let me know if you need any other information and I'll get that for you as best I can. I appreciate the help,

Paul

Good morning, Paul,

Yes, we can help you with that. We will need the tail number, the date, and the departure and arrival airports. If you have the log-in information, that's helpful as well.

Good morning,

My name is Paul Suffern and I am a meteorologist working for the NTSB investigating the airplane accident near Chamberlain, SD, from Saturday afternoon. During an initial look, it appears the accident pilot used FltPlan.com for weather review and such. I was wanting to know if they is anyway to know what weather or charts the pilot checked? I've got the pilot's name and login information if that helps.

Thank you for your time,  
Paul
