**Date:** Monday, November 3, 2025 5:29:19 PM

---

[REDACTED],

I tested the two dynamic brake pressure switches on 441-442 during the second thermal incident investigation.

441 - 105psi picks up, 103psi drops out

442 - 105psi picks up, 103psi drops out

Thanks
